

Welcome to the University of Stuttgart

first-year students introduction

Markus Eberhardt, Sascha Michel, Marianna Lintzeri

Fachgruppe Elektrotechnik und Informationstechnik

April 3th 2023

Fachschaft

Students like you

Fachschaft

What does Fachschaft mean?

- The “Fachschaft” is an association of all students studying Electrical Engineering or any other programme at the Department of Electrical Engineering.
- Every student at the department is by law member of the student council and can contribute to events, representation of students’ interests in commissions and other stuff.
- Simply put: The “Fachschaft” is a group of students that are studying the same thing and want to voluntarily help make the whole study experience better and support whoever needs help.

Fachschaft

What does the Fachschaft do?

- Representation of student interests in official councils
- Service (Old exams for printing, Answering Questions, Job Mailing List, ...)
- Your first stop for questions
- eMotions Party with up to 2500 guests
- Lockers
- Administration of the StudLab
- Mailinglists for important information
- **Meeting every monday at 13:05 in our office!**

Fachschaft

Where to find us
